# Product Size & Specifications

Compact, lightweight, and powerful—engineered for optimal performance with a perfect balance of size and efficiency.

Power	1060W
Vacuum	24kpa
Dust Tank	6L
Air Flow	47L/s
Weight	5.5Kg
Wire	15m
Size	400x340x730mm

# Powerful Suction, Built to Last

Durable Steel Container for Heavy-Duty Cleaning — Built to handle tough tasks with ease and ensure reliable performance in demanding environments.

Specification	Details
Function	Dry with HEPA filter
Tank Capacity	5 L
Power	1100W
Voltage	220V
Noise Level	>62 dB
Air Flow Rate	48 L/s
Vacuum Suction	190 mbar
Cable Length	15 meters
Hose Diameter	36 mm

## Advanced Design for Comfort, Efficiency & Safety

Featuring decompression straps for reduced strain, a dual filtration system for superior cleaning, and an anti-drag wire protection device for enhanced safety and durability.

### Decompression Function

Ergonomic widened mesh straps with breathable material reduce back pressure and shoulder strain, ensuring comfort during long-term use.

### Paper Bag & Cloth Bag

Dual filtration system enhances dust collection efficiency. The removable paper bag allows for quick and convenient disposal, making cleaning hassle-free.

### Wire Drag-Proof

Equipped with an anti-drag protection device, preventing wire damage and ensuring safety while in use.

## Versatile Cleaning for Every Space

From restaurants and cinemas to staircases and engine rooms, our powerful vacuum ensures deep cleaning in all environments, including delicate electrical areas.

**Restaurants**

**Distribution Cabinet**

**Stair**

**Cinema**

**Engine Room**
