Coimbatore, TN - 641006
4th floor, Block-B, Plot No-9, Pocket 3, Sector 17 Dwarka, Dwarka,
Delhi, 110078

Product Size & Specifications

Comprehensive Technical Overview to Understand Performance, Capacity, and Build.

Tank Capacity	30L	Wire Length	7m
Vacuum Suction	230Mbar	Height	760mm
Power (Motor)	1000W	Weight	17.5Kg
Type	Wet/Dry	Size	455x410x920mm
Voltage	220V	Tank Diameter	345
Airflow Rate	53 L/min		

Feature Highlights of the Carpet Injection Machine

Engineered for Efficiency – Explore the Design, Functionality, and Convenience-Driven Components

Humanized Handle Design

The user can easily move the machine to the desired location without any effort.

Vacuum Suction Hose

The sealed suction dust hose and barrel body interface can be used with ease.

Moving Wheel

Mobile and convenient, suitable for different environments. Wear-resistant, prevents slipping, and moves smoothly.

Spray Nozzle

Unique design sprays water effectively for deep cleaning.

Quick Connector

Sealed interface ensures secure and reliable connection for the spray suction machine.

Vacuum Water Nozzle
Plastic water absorption head with stainless steel handle for durability and performance.

145°C Steam Power for Deep Sterilization

Eliminate 99.9% of Germs, Mites, and Bacteria with Rapid-Heat High-Pressure Steam — Ideal for Mattresses, Upholstery, and Tight Corners

Targeted Steam Power for Deep & Precise Cleaning

Blast away tough grime, reach tight corners, and sterilize surfaces with high-pressure steam perfect for home appliances, corner gaps, filters, and stubborn stains.

Accessories

Floor Brush

Extension Rod

Steam Pipe

Spray Gun

Glass brush

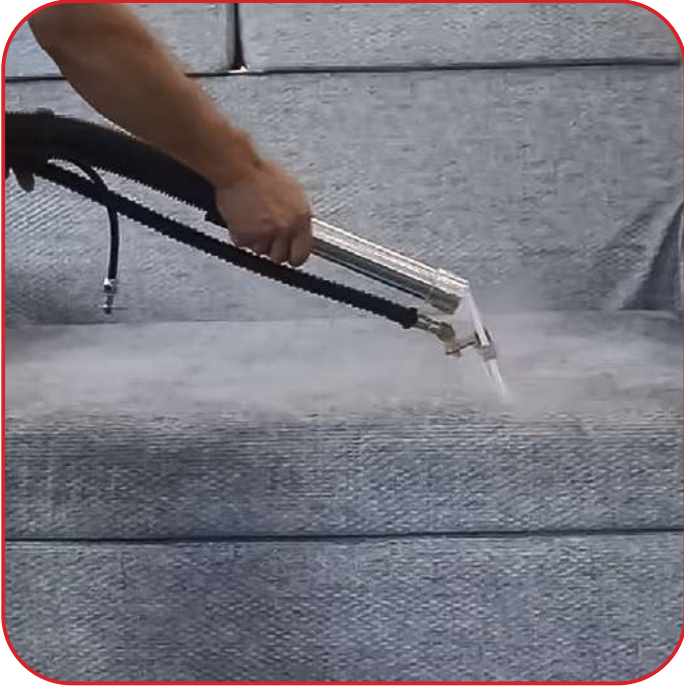

Floor brush connector

Versatile Cleaning for Every Hard to Reach Area

Perfect for corner gaps, appliance filters, grooves, crevices, and stubborn stains—effortless cleaning across household and industrial surfaces.

Steam Squeegee
