Product Size & Specifications

Powerful Suction, Reliable Performance for Demanding Industrial Cleaning.

Tank Capacity	80L	Tank Dia	440mm
Voltage	220V	Height	1050mm
Motor Power	4200W	Wire Length	10m
Type	Wet & Dry	Weight	32.1kg
Airflow	120L/S	Size	620x540x1070mm
Vacuum Suction	250Mbar		

Powerful Suction, Built to Last

Durable Steel Container for Heavy-Duty Cleaning — Built to handle tough tasks with ease and ensure reliable performance in demanding environments.

Efficient Upholstery Nozzle

Engineered to remove dirt and debris from fabric surfaces effortlessly, providing a deep and thorough clean. Perfect for sofas, car seats, and more.

Stainless Steel Collection Tank

Durable and corrosion-resistant design for efficient waste collection and easy maintenance. Ideal for handling both wet and dry debris with high capacity.

Durable Stainless Steel Base

Sturdy construction for enhanced stability and easy mobility, ensuring seamless cleaning performance on various surfaces.

Advanced Filtration System

Efficiently traps dust and debris, ensuring powerful suction and extended motor life for reliable performance.
