Product Size & Specifications

The DRO-100P Scrubber is a powerful, industrial-grade cleaning machine with advanced scrubbing technology and intuitive controls, delivering efficient cleaning with minimal maintenance.

Clear/Waste Water Tank	95/100L	Brush /Suction Motor	350X2/500W
Scrubbing Width	360x2mm	Drive Motor	500W
Squeegee Width	900mm	Size	1340x900x1260mm
Cleaning Efficiency	4000m ² /h	Weight	260Kg
Battery Capacity	150Ah/m	Working Time	3.0-4.0h
Voltage	24V		

High-Capacity Ride-On Scrubber

Equipped with a 95L solution tank and 100L recovery tank for uninterrupted, efficient cleaning.

Solution Tank

100L
Recovery Tank

Efficient Ride-On Scrubber

Power through tough stains with ease for spotless, shiny floors.

Key Points:

- **High Cleaning Efficiency**

Capable of covering up to 40,000 sq. ft per hour, this machine is designed for large-scale cleaning tasks, significantly reducing time and labor costs. Its efficient path design ensures comprehensive cleaning in a single pass.

- **Powerful Brush motor**

Equipped with one powerful brush motor with 500W, it delivers consistent pressure for deep scrubbing, effectively removing tough stains, dirt, and debris from various floor types.

- **Efficient Battery Capacity**

Powered by high-capacity batteries, it offers extended runtime, allowing for uninterrupted cleaning without frequent recharging.

- **Clear/Waste Water Tanks**

Features large-capacity solution and Dust tanks, minimizing the need for frequent refills and maximizing productivity during extended cleaning sessions.

- **User-Friendly Controls Panel and Drive Motor**

Comes with an intuitive control panel, clearly labeled switches, and an ergonomic design, ensuring effortless operation for users of all experience levels.

- **Powerful Suction System**

Built-in high-efficiency vacuum system quickly collects dirty water, leaving floors spotless and dry, preventing slip hazards.

- **Robust Build Quality**

Constructed with high-grade materials, this scrubber is built to withstand rigorous industrial use, ensuring long-term reliability and durability.

Advanced Ride-On Scrubber

Built with intelligent controls and a high-capacity tank for seamless, efficient cleaning.

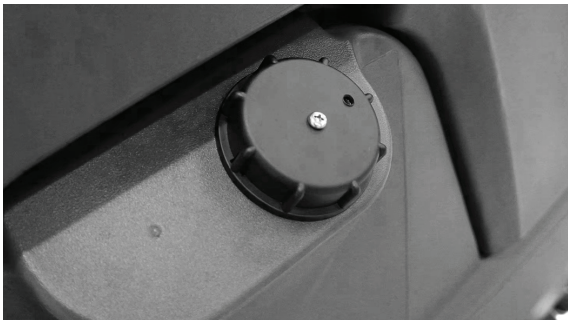

Intelligent Control Panel

Adopt a light touch button panel with sensitive and durable functions.

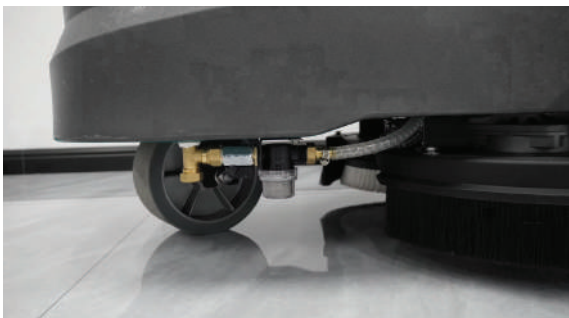

Floating ball Induction device

It reminds the users to know the water level situation and clean up the recovery tank on time.

Large size water intake

Fast & convenient filling water

Clean water filter

Filter clean water tank dust to prevent clogging.

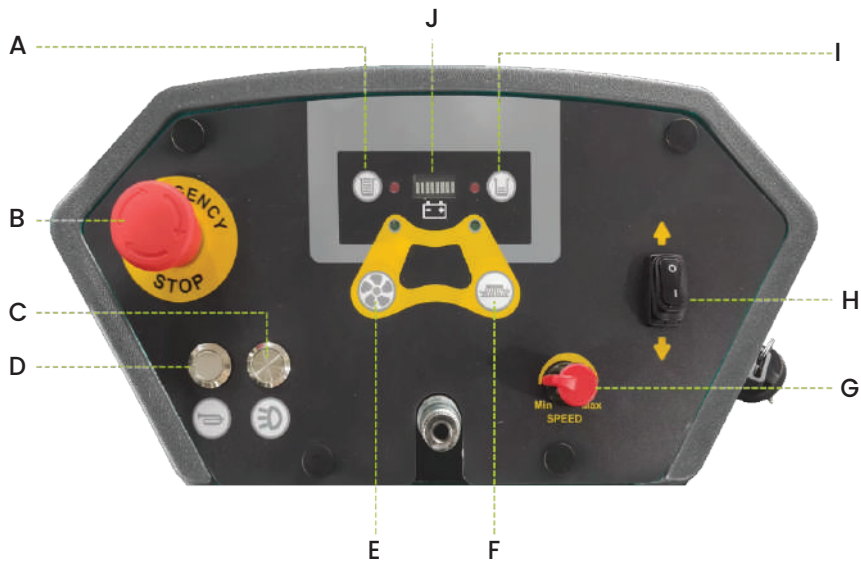

Collision wheels

The collision wheels can protect the machine when the machine hit the obstacles

Thickened anti-skid wheel

With flexible steering and durability, and makes more safe driving.

- A. Indicator light of water level in the dirty tank
- B. Emergency stop button
- C. Front light button
- D. Horn button
- E. Water suction function button

- F. Brush motor function button
- G. Speed limit knob
- H. Forward and Backward switch
- I. Indicator light of water level in the water tank
- J. Battery indicator

Cleaning Efficiency

The DRO-100P covers up to 40,000 sq. ft per hour, reducing manual labor and costs. Its advanced scrubbing system effectively removes dirt, stains, and debris, while high-capacity tanks minimize refilling. User-friendly controls ensure easy operation.

Versatile Cleaning for Every Surface & Space

Engineered to adapt to various environments and floor types, ensuring maximum efficiency, superior performance, and a spotless finish in industrial, commercial, and residential spaces.

Ink Stone Floor

Tile Floor

Cement Floor

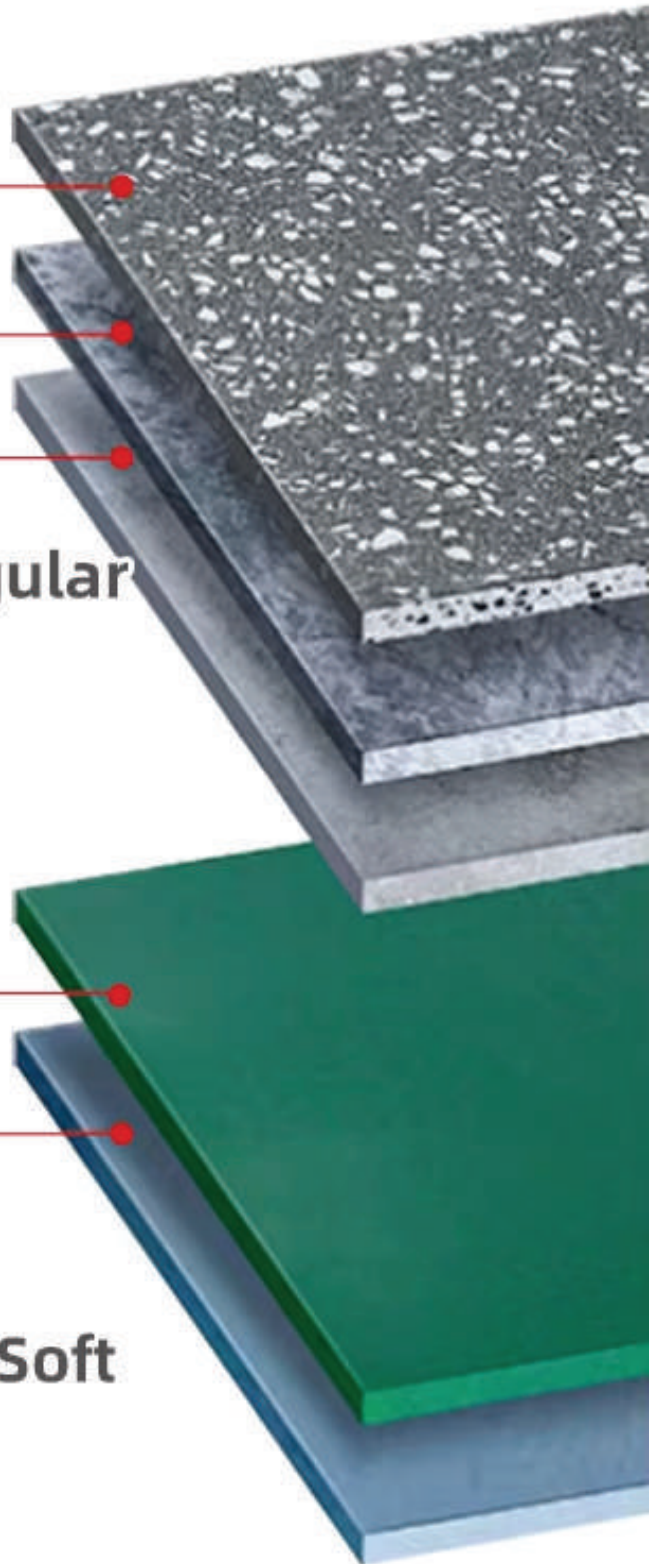

**Brushes Are Suitable For Regular
Hard Surfaces**

Epoxy Flooring

PVC Flooring

**Scouring Pad Is Suitable For Soft
Ground**

Versatile Cleaning Solution for Every Space

Built for versatile cleaning, our machine ensures superior cleanliness in offices, hospitals, supermarkets, gyms, factories, stations, parking lots, and restaurants.
