

SWEeper

RIDE ON SWEEPER(DRS-90T)

The DRS-90T industrial ride-on sweeper has powerful functions and can meet the cleaning needs of industrial environments. In addition, it has a sufficiently powerful maintenance-free battery and great flexibility to quickly and efficiently handle large-area cleaning tasks.

Features and benefits:

1. Water spray device, sprinkle water to suppress dust;
2. Hydraulic double disc brake device to ensure safety;
3. High-power drive motor, side brush motor, main brush motor;
4. Easy climbing, over speed bumps;

Simple instrument

Dual disc brake system

Front and rear solid tires

Rolling plastic water tank

German Mark style suction design/good

Lifetime warranty for complete motor/
electronic control, etc

Five layers of rust prevention/corrosion
prevention/warranty of five years

Intelligent control system/intelligent
braking/anti sliding slope

Sweeping width	1250mm	Traveling motor	48V/800W
Main brush width	490*300mm	Main brush motor	48W65011V
Edge brush width	2*460mm	Edge brush motor	48V/2*90W
Working efficiency	7000 m ³ /h	Fan motor	48V/95W
Working hours	2-3h	Battery	48V/46.9AH*4Pcs
Hopper volume	90L	Overall weight	320kg
Water tank capacity	60l	Product size	1395*1250*1325mm
